

AMALA

Amala liljan me kamlja (2x)

Kamipe gelo rovice pelo (2x)

E duj dzhenenge akava i pharo

Amala liljan me kamlja (2x)

Friend, you took my love

Love departed and crying filled in

For the two of us, this is heavy

O jakha roven e dikhipaske

Pharilje o voshta e chumimaske

Mange uljan dushmani

Ola tu liljan odvojin kerdzhan

Peneja sijan pishmani

Amala liljan me kamlja (2x)

My eyes cry to see her

My lips are thirsty to kiss her

You separated from me as an enemy

You left and married him

You say you regret it

Friend, you took my love

Kaj phirav ola me rodava

Kaj te dzhav o lake puchava

Kamipe gelo rovice pelo (2x)

E duj dzhenenge akava i pharo

Amala liljan me kamlja (2x)

Wherever I go I look for her

Wherever I go I ask about her

Love departed and crying filled in

For the two of us, this is heavy

Friend, you took my love
